

BY BILL BERGER

June 1, 1971 is an anniversary for the Bergers. On that day in 1946, 25 years ago, my wife Jerry and I began publishing the Hondo Anvil Herald. The first issue put out under our own steam was on June 7, 1946.

After putting in my first quarter century with this newspaper, it gives me great pride to compliment the man who has been running it for me recently, Burnis Lawrence.

He brought home the Community Service award this year from the South Texas Chamber of Commerce. This is the third time in 25 years that this bronze plaque has been presented to the Anvil Herald. Any publisher who wins has to earn it with a great deal of effort. It is given at the annual convention of the South Texas Press Association, and is the principal event of the year for the weekly newspapers of the great South Texas region--the largest regional press association in the United States.

It is not given for selling advertising, or even for putting out a fine newspaper. It is based upon the decision of an expert panel of judges as to which newspaper has done the most in unselfish service for its community during the year.

Actually, it is one of the most costly luxuries a newspaper can have, because winning such an award takes countless hours which might go into advertising sales or other business activity.

Only a town where the community backs the newspaper with generous advertising support can expect to see such an award bestowed upon the local paper, because it takes a lot of revenue to support the cost of news columns and pictures.

No newspaper and no town has ever achieved progress without teamwork and cooperation.

And I know that Burnis Lawrence will be the first to tell you he didn't win the Community Service Award by himself. It takes the work of every person on the Anvil Herald staff, cooperation from citizens in every walk of life, and a successful community.

Rodeo fever hits Friday

All the action is going to be in Hondo this weekend! Rodeo thrills and excitement are expected to lure the crowds to the Hondo Rodeo

Arena Friday and Saturday nights where the second annual Medina County Rodeo will get underway at 8 p.m. each night.

But even before the Grand Entry brings on the Medina County Rodeo Association sponsored action there is to be fun and excitement aplenty in

the old town!

Kicking off the annual fever will be the parade through downtown Hondo at 3 p.m. Friday. Randy Gray is in

charge of this event and says he thinks it will be a good one.

Then following the parade all the hungry people who

want good barbecue beef will be heading for Hondo City Park where at 5:30 they will begin serving a fine meal for only \$1.50 for adults and \$1.00 for the children. There will be plates to go and all you can eat.

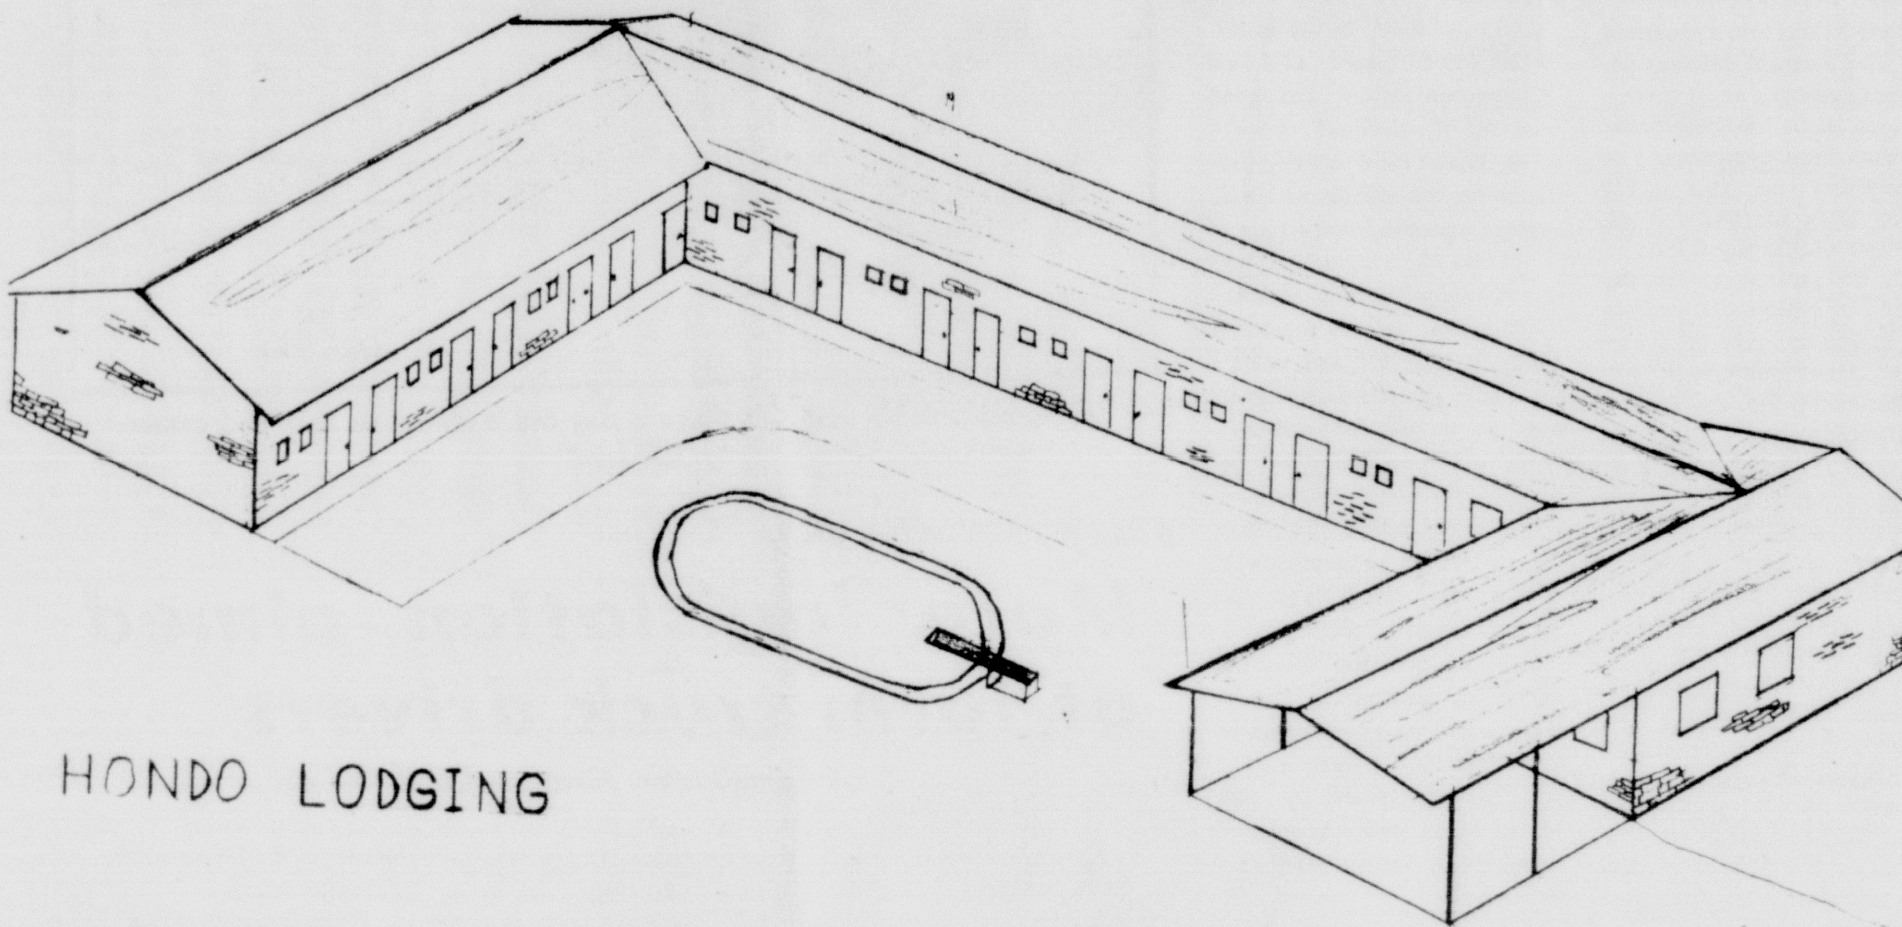

And for those who love to dance the annual action-packed event offers a dance at the Hondo City Park both Friday night and Saturday night. Friday night the music and foot stomping begin at 9 p.m. and run through mid-night. George Chambers and the Country Gentlemen provide the music.

Saturday night dancers can enjoy an extra hour of "hug-ging set to music". The shindig will last until 1 a.m. with Slim Roberts and his Men of the West giving out with the tempo.

Rodeo headquarters again will be set up at the Hondo Chamber of Commerce Office with books opening at 2 p.m. June 3 and closing at 6 p.m. the same day.

Produced by Royce Rogers of Uvalde, who promises stock that will show plenty of spirit, the rodeo features: calf roping, number open; team roping, number open; bareback riding, first 25 entries; barrel riding, open with jackpot night; bull riding, first 30 entries; wild cow milking, open to Rodeo Association members only; calf scramble, boys and girls under 12.

"So get out your small change, it's only \$1.50 for the grownups and 75¢ for the young'ns, and come out and have a good time," a rodeo spokesman said.

HONDO LODGING

Construction begins on motel

Workmen already have begun work on the new \$145,000 motel going up on Highway 173 east of Hondo. The 20-unit structure, shown in the pencil sketch above, is expected to be ready for occupancy early in September. It will be of brick veneer . . . first class all the way and will

have a small cafe for serving breakfast and a large swimming pool. The new venture is being backed by a group of 20 Hondo and area individuals in a closed corporation. When completed the new motel will add much needed rooms to the housing picture of Hondo.

'Play Day' set

Applications are being accepted for the 4-H Horse show to be held at the Hondo air base arena June 12.

The event is being sponsored by the Hondo - D'Hanis 4-H Horse Club. Applications are available from the county agent's office, and

must be signed by a parent or guardian.

Books close at 4:30 p.m. June 12, and events begin at 5:00 p.m. There is an entry fee of \$1.50 per event, and state 4-H horse show rules will apply.

The 14 events scheduled are mares, 5 years old and over; mares under 5 years old; champion mares and reserve mares; geldings 5 years old and over; geldings under 5 years old; champion gelding and reserve champion.

Also western pleasure; pole bending, 13 years and under; pole bending, 14 years and over; clover leaf barrel, 13 years and under; clover leaf barrel, 14 years and over; figure 8 barrels, 13 years and under; figure 8 barrels, 14 years and older; and flag race open.

Sales tax figures

Business in Hondo during the final three months of 1970 showed a decided gain over the same period in 1969 if one uses the sales tax as a guide.

This is indicated in the last sales tax check the City received from the State. It totaled \$14,293.28.

For the same period in 1969 Hondo's share of the sales tax reached \$9,913.61.

Parade route announced by Gray

Route of the annual Rodeo Parade, scheduled for 3 p.m. Friday, has been announced by chairman Randy Gray.

Entries will assemble in front of Hondo Implement Co. on 18th St. and travel in this manner:

West on 18th to Avenue M; north to 14th St.; east to Avenue K; south to 17th St.; west to Avenue M; north to Hondo City Park.

Chairman Gray says the flag bearers will be composed of 4-H Club members.

Everyone is invited to enter the parade with the exception of bicycles, go-carts, etc. But floats, cars, trucks, riding groups and others are invited to participate. Interested persons may contact Gray at 426-2745.

Emergency loans available for local drouth victims

A. James Manchin, representing James V. Smith, National Administrator, Washington, D.C., and J. Lynn Futch, State Director, Temple, Texas, met with members of the Texas House of Representatives' Drought Committee recently in the State Capitol Building at Austin to discuss the Emergency Loan Program of the Farmers Home Administration and how farmers and ranchers can benefit from the emergency program.

Manchin emphasized at the meeting, "Administrator Smith is a native of Oklahoma who has experienced severe drought situations. He is a man of the soil, his head and heart are in tune with the needs of farmers and ranchers in this area of our nation. Smith will utilize the experience of his office to meet the growing problems resulting from the extreme dry weather.

State Director Futch has mobilized his staff in Temple and throughout Texas to be on the alert, with money and supervision, for any eligible farmer or rancher who walks through the Farmers Home Administration office doors in search of assistance."

Futch is grateful to Representatives Hanna, Ligarde, Poerner and Holmes for their support and interest during this time of crises. Manchin outlined eight important points at the conference:

1. 235 counties have been designated for emergency loan assistance by the Secretary of Agriculture. This designation extends through June 30, 1972. Any farmer or rancher who has suffered a substantial loss as a result of adverse weather conditions is eligible.

2. Funds are now available. President Nixon has secured \$60 million for the E-

mergency Loan Program.

3. The interest rate for the month of May was 4-7/8% which is a flexible rate established by the Secretary of the Treasury on a month to month basis, but can never exceed 6 percent.

4. No rancher is now, or ever has been requested to sign a paupers oath to borrow money from the Farmers Home Administration. However, the loan must be repaid and the applicant must have debt paying ability.

5. The Disaster Relief Act of 1970 states, "an applicant does not have to seek credit elsewhere before he comes to the Farmers Home Administration for an Emergency Loan in a designated area."

6. Emergency Loans are made primarily for expenses essential to continuing nor-

'The Little School' hopes to help

Graduation time for students at LaEscuelita (The Little School) rolled around the last week in May just like it did for the high school and college students.

And sponsors of the school hope that the year of schooling and the graduation will have provided these young ones with the learning and incentive that will take them through the years until the time they, too, can wear caps and gowns at high school and college graduation ceremonies.

La Escuelita was conceived in 1967 during a business meeting of the men of the Hondo Church of Christ, and was born as the answer to the problem of

how to provide a kindergarten experience for many young bilingual children in Hondo who otherwise would have no such experience before entering public school in the first grade.

Since 1967 the Texas Education Agency has convinced the Texas Legislature that such pre-school experiences are vitally important and such classes now exist in public school. Two classes were taught this year at Meyer Elementary and Principal Bud Woolfs says there will be three classes next year.

However, by the fact that 50 students enrolled in La Escuelita, it is evident that interest and need are high enough to warrant such classes each year.

As the men of the Church of Christ came to grips with the problem of how to render greater community service, someone thought of the potential value to young, bilingual children of the church's classrooms which ordinarily stand idle and unused throughout the week. The solution to the problem seemed to be to somehow get the children and the classrooms together.

The men decided early in their deliberations that La Escuelita should not be a function of the church itself and incorporated themselves under state law as La Escuelita. They had formally applied to the church for permission to use the educational building of the

church five days a week.

La Escuelita pays all expenses involved in the school except the teacher's salary, which is paid from the modest tuition fee of \$1.00 per child per week. Children, whose parents cannot pay the tuition are encouraged to attend, with their tuition paid by anonymous friends of La Escuelita.

Miss Gloria Campos was employed as teacher and Mrs. Carolyn Williamson was asked to direct the educational program on a volunteer basis. After a pilot project involving some 15 children over a period of several months was considered to be successful La Escuelita began enrolling chil-

dren in morning and afternoon shifts. The school has operated for three years with an average enrollment between 40 and 50 students each year.

Miss Campos is now leaving the school to be married, but a teacher will be secured and La Escuelita will enroll students this summer for the coming academic year. And once again The Little School will continue its program, the main thrust of which is language development, with perceptual, motor, social and emotional goals also being met.

Take me to your leader!

Like some giant mechanical thing the weather radar station in Hondo seems to walk across the void, expanse of

the moon. But it merely casts its shadow along the ground of Hondo Airbase.

Letters to the editor

Hondo High School is great . . . but it can be improved

May 26, 1971

Dear Mr. Lawrence,

I was moved to write this letter by the student letter to you a few weeks ago, which pointed out what they considered a gross lack of opportunity in their education at HHS. I agree with them on many, if not all of their pleas, but disagree with the direction they pointed the finger of accusation.

I graduated from HHS in 1965, and then went on to receive a degree from Texas A & M. I am presently serving in the Army in Germany, but try to keep close contact with happenings in Hondo and Medina County. I loved HHS when I was there, and still do. I received the basic college prep course that the HHS curriculum is set up on--and it did prepare me for college. I have no doubt that our students are better prepared for college work than 95% of the high schools in Texas. I also learned the fierce pride that the Hondo athlete has--the pride that comes from hard work in a sweaty uniform--the pride of winning--and the pride that comes from knowing that you have done your best, whether you win or lose. I knew this, and so did a few others. But what about the ones who didn't--not through any fault of their own, but because they weren't given the chance?

When I was a junior in HS, I gave talk to the Lions Club. I challenged them then to take some action to give more people a chance to know what it is to win, or lose, or be proud. I challenge them again--plus all the people in Hondo.

Not every student in Hondo should play football, no matter how important it seems; not every girl should be in the band, or a cheerleader. Not every student should go to college, no matter what the salary statistics show. What about them?

I have nothing but praise for our faculty--from the School Board down to, and especially for, the Special Education teachers. Hondo has the best school system I have ever seen, bar none--and it is because of these underpaid, underappreciated, DEVOTED people that we do. But it can be improved.

I place the fault, if there is one, on the adults of Hondo. The parents who make football KING; and I must add here that football paid my way through college, and I learned more about life from football than from everything else put together--so this isn't coming from one who was left out. But who says you can't learn, from track, or tennis, or golf, or volleyball, or drama, or debate? It's the parents of Hondo who place the emphasis, not the faculty. I know every father wants his boy to be a football hero, and I do too--but what about your children? What if they aren't the hero--are they to consider themselves as inferior? Will they be defeated before they even get started in life?

And you students. What do you think of the boy who doesn't play all the sports, or the girl who doesn't play in the band? You have made a start, and I congratulate you for this--but it takes a lot more than just false starts and lots of talk. If things do change--are you going to accept the people who participate, make them feel important to the school? More important, are YOU going to participate? Will you be a leader, accept responsibility, try to make it work--give some of the pride of HHS to something new--keep it alive? Or will it die--like some things did before you got to High School, like the choir did in 1964? I challenge you, too. Before anyone forks out fifteen or twenty thousand dollars a year to set something new up, they are going to want your full cooperation and support. Will they get it?

I plan to return to Hondo

to live, to raise my family, to watch my boy play something--will it have to be football for me to consider him a success? Will my daughter have to be the beauty queen, cheerleader, or twirler to keep from being a failure in those tender, tender years? I hope not!

Sincerely,
Lt. Phillip McAnelly

Dear Sir,

In retaliation to the letter in last week's paper signed "Concerned Parent, Taxpayer, over 30, No HHS ex", I want to say that I have nothing but praise for the Hondo School System and administration.

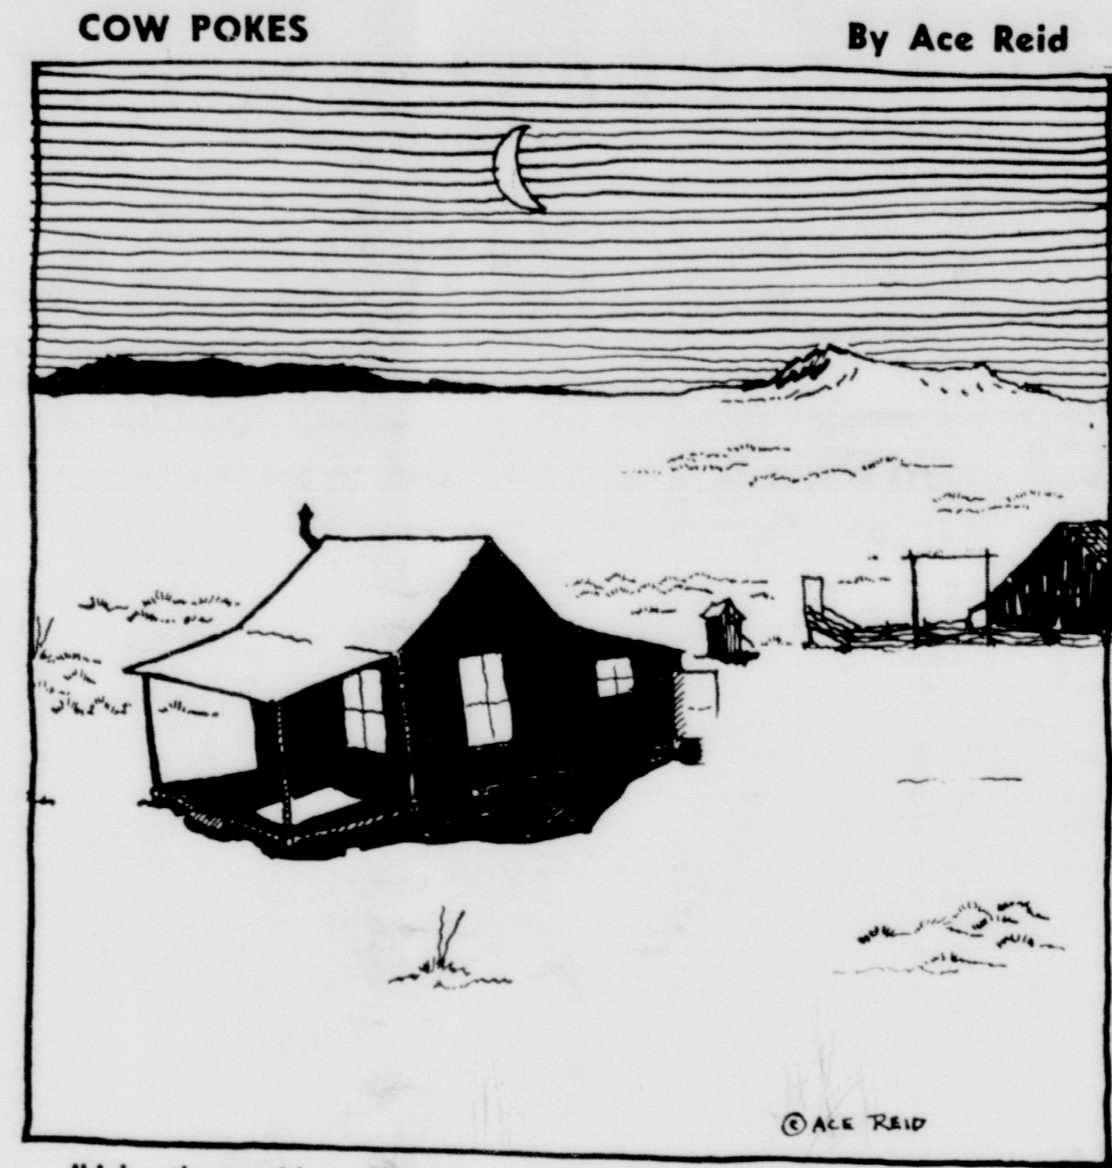

Hondo High School has produced many fine and successful citizens, many scattered all over the world and many right here in Hondo. I am sure the people who did not achieve success failed not because "they couldn't overcome the obstacles of attending the Hondo Schools" but because they didn't have the will to succeed.

I do not question the extra curriculum offered in Hondo schools nor the expenditure of funds because we have a fine school board elected by the people and a well trained superintendent for the administration.

Incidentally, none of the school banquets (Football, Band, FFA, FHA, etc.) are paid for with tax money.

I don't remember Hondo ever "rolling out the red carpet" for newcomers, but we are happy to have them, if they are happy here. The majority stay here from choice with pride in what we have to offer.

Just who was she (or he) calling a rotten apple and a goat? I presume she (or he) meant Mr. Barry, who has built up the Hondo School System from a one building school to the present modern expansion of 517 square miles. Now, Mr. Barry

"Jake, the trouble with this place is day life is always so dark and comes so early!"

More legislation aimed at farm truck drivers

By Congressman Abraham 'Chick' Kazen

A young man who is old enough to carry a gun in the Army or vote in a national election certainly should be considered mature enough to drive a farm truck. Congress-

couldn't do this alone; he had the backing of all the true Hondoans. It was a pleasure for me to work on the committee for "Barry Appreciation" during Homecoming last October. The gesture and gift reflected the feelings of the majority of Hondo exes and citizens. I sincerely appreciate everything Mr. Barry has done for our school system and our town, and I hope he enjoys his retirement in Hondo.

Good Luck to Supt. Kenneth Flory, a Hondo ex! The true Hondoans are in back of him 100% in his administration.

Sincerely,
Marguerite Newton Merrill
HHS ex, Class of 1927
Born, reared, educated, made my living, and retired in Hondo

Dear Sir:

I am writing in regard to the recent issue over the Hondo High School system. I think we in Hondo are very fortunate to have the schools that we do. I also feel that the majority of the students agree with me. So far it has only been the students who want to cause some trouble

man Abraham "Chick" Kazen of Laredo said last week as he introduced legislation aimed at new truck operator controls. His bill would exempt agriculture from restrictions pro-

posed by the Department of Transportation. "The Transportation Department's Bureau of Motor Carrier Safety has asked new restraints on farm truck drivers," Rep. Kazen said. "The proposal would require that drivers be 21 years old, pass written drivers' tests, have physical examinations, and that extensive records be kept on their activities. I recognize the need for highway safety, but I believe the proposed regulations are not only unnecessary but improper. I note that the State of Texas does not impose such restrictions for drivers' licenses."

"If we draft young men at 18, believe them mature enough to serve overseas or to have voting responsibilities, certainly we should consider the great majority of them to be responsible behind a steering wheel."

The Texas Congressman cited a letter from Judge Jerome H. Decker, County Judge of Medina County, who noted that accident claims involving Texas farm trucks were only one-tenth the amounts paid for accidents involving non-fleet commercial trucks.

"Many of these young drivers are the sons of farmers and ranchers or are employed in their home neighborhoods," Rep. Kazen said. "We should not close off employment to them, or build mountains of paper work for their employers."

Sincerely,
Ronald Marquis

wide project, which means everyone in or out of Medina County who helped to move the old Hondo depot and convert it to a fine museum.

There is still work to be done, but I know that Hondo can do it.

My thanks must go to the thousands who have helped us in the past quarter century. Many of them are gone, but they live in our grateful memories.

First would have to be Fletcher Davis, whose decision it was to sell his business to us. And then there was J. H. Burgin, head of the Hondo National Bank at the time, who loaned us the money to get started.

A few years later, Paul Pope loaned us still more to make our growth possible.

And then came Bill Wallace, Pat Taggart and Bob McGarity to help us out when needed through Hondo National.

Back in 1946, when we were desperately needing help, there was Al Armstrong, who had intended to stay in Hondo just a few weeks as a traveling printer, but who stayed until he finally retired, and lived here the rest of his life. And Bill Bouseman, a friend of my even earlier youth, who spent several weeks as one of the greatest advertising salesmen I have ever known. Also Babs Batot who took such a personal interest in the work.

Tony Mendoza went to work for us in 1946, and except for his military service has been with us ever since and for a long time his brother, Johnny Joe Mendoza, has been working part-time with Tony, a long with many others who have filled in. Not long after came Pete Pedroza, and I must not omit Pat Galvin, a great editor. There have been many others, and to mention them all would take more space than is probably available, but many of you will remember Allen David, Al Lenington, Don Wenzl, John King, Peggy Simpson, Mary Ann Noonan Guerra, Mrs. Elva Krenmuller, Ralph Cole, Ronnie Greathouse, Mrs. Carolyn Overstreet, Francis Graff Richter, Nancy Cole Braden and many more.

John and Lois Seater have been doing so many different things for us, in news, advertising and various fields, and at present John is managing KRME, while Lois is active in the newspaper.

In a special category, sort of an aunt to the children, personal secretary, confidant and all around good newspaperman was Mrs. Lillian "Sally" Brucks, who has probably done more different things around the Anvil Herald office than anyone but yours truly. Even her sister joined the act, and we still call on Mrs. Edna "Sis" McDade.

Currently we depend heavily on Mrs. Winnie Braden who was "working" for the newspaper indirectly when she was actually in the Chamber of Commerce, and who has been filling out at first base for several years in our front office and before Winnie came Mrs. Ouida Samford who did us a fine job.

Mrs. Liz Maples joined our staff in the fifties--and that's a while back, too, and she is still with us. Mrs. Beth Herring is in charge of the accounting department now, and she calls on Miss Wanda Neuman for a little help there, although Wanda has the usual privilege of setting most of the type you see in the paper, along with doing a large part of the work on two other publications.

Mrs. Beverly Harrell keeps up with your subscriptions, and helps at the Anvil Office Equipment as well. She took over for Mrs. Lorene Bendele who kept your paper coming in an excellent manner. Mrs. Charles Hackebell is doing part time duty with our advertising composition department, and Salvador Leyva is helping Pete Pedroza repair the typewriters.

There are several others on part time duty we couldn't do without, and I'll close by thanking them--along with you, dear reader, who keeps all of us working.

MEETING SET

There will be a meeting of the Medina County Sheriff's Reserve at the County Courthouse at 8 p.m. on June 9. All who are interested are urged to attend.

Low cost credit is received

Owners of Uvalde Production Credit Association received credit at one of the lowest costs in Texas during 1970, according to information released recently by Alton Cook, vice-president of the Federal Intermediate Credit Bank of Houston. Each \$100 of available credit cost owners of Uvalde Production Credit \$9.34.

"A production credit is a locally owned business organized and operated for benefit of its owners," says N. B. Wiley, president of Uvalde Production Credit. "One of its objectives is to provide a dependable source of credit at a reasonable cost for owners of the business. The manner in which an organization achieves its objectives is a measure of its effectiveness."

There are 34 production credits in Texas and Laredo had the lowest credit at \$9.30.

PERSONAL MATTER

More than forty-six years I have been in touch with members of my family and certain intimate friends. Among the latter several have been editors, by sending you material or exchange copies of papers. Having sold the paper, I can no longer do this. It is a pleasure to thus keep in touch with you, and though after you will miss the paper, I hope to be forgotten by any of you in grateful remembrance.

FLETCHER DAVIS

Many people in and around Hondo have asked the new editor to do before he was in the office. It seems appropriate to answer in this manner. Starting out with a newspaper route at the age of 14, I became a special reporter for metropolitan dailies, including high school, college, and university papers for the Pro and the Anti. At a few cents a word, I worked for a large newspaper in the same town, and with the news corporation, and served as a publicity writer, doing college journalism, devoted to get a practical back in the newspaper business, and a circulation service organization which maintained the distribution of many daily newspapers in the West. Berger served as a strict manager on the Topkapi State Journal, and as a circulation manager on smaller dailies in Kansas, Kolla, Missouri, and when South Dakota. After six months of circulation work, I became advertising manager of a great weekly in central Illinois, a becoming managing editor of weekly (Illinois). Review. The step was to have been purchase manager, but about that time interrupted with the fracas at Hondo, and the next three and a half years were spent by Berger in the Pacific ocean toward Japan. Arriving in Japan in the fall of 1918, he spent several months in Hondo, as a member of the General's staff, IX headquarters.

On his return to the United States, he was discharged in April, 1919, and working for the Gonzales family looking for a good place to settle. In Hondo he could find in the States was Hondo. On way of introduction, here were words about the editor's name used to be Jerry, and she spent the first six years of her life in Gonzales, at Wadler, Texas. The next and a half years were spent at university of Texas, where she had in Home Economics. A junior year was interrupted by her marriage to William E. Berger, but she completed her course there and was graduated in 1924. Her husband was nightingale in the Pacific (courtesy of the U. S. R. she taught Homecoming in the high school for two years. Signed that position in May to be an assistant to the editor of Hondo Anvil Herald. "Assistant" in case means serve gathering, typing, and any other tasks the papers down.

Ten Persons Bitten By Dogs Here Last Year

Pasture treatments for the prevention of rabies were given to at least ten persons in Hondo last year, according to an informed source. There were 28 officially diagnosed cases of rabies in the town, and among these dogs were some of those who bit the ten persons treated.

In many Texas towns, including Hondo and Uvalde, there are city ordinances requiring dog owners to license their pets and have them vaccinated against the dread disease. In the towns listed, there has not been a case of rabies reported in the past ten years, this newspaper's informant continued.

It these towns all dogs picked up without a tag are held in the city pound for several days after a notice and description of the animal has been published. After five days if the owner has not claimed his dog it is destroyed.

Tarpley Road Goes Ahead

Construction of the Hondo-Tarpley road is progressing rapidly, and despite some bad weather, the Mc Kenzie Construction Company's crew work seven days a week.

Of the 23 miles to be constructed 13 miles have been finished and rolled. At present, the workers are in the fourth gravel pit which is located on E. W. Lepp's ranch and has proven to be the best gravel. A. C. Gilliam is now furnishing all the water used on the job and pumps are running 24 hours daily.

At one point in the course of construction a hill was in the right of way. The elevation was cut off and provided 8000 yards of gravel, a big saving to the county.

Another shovel will be added to the company's machinery this week. Mr. Kelly, the county engineer, advises on the construction of the road. H. K. Eichenbaum is the superintendent of construction. E. M. Smith, Vice President of Mc Kenzie Construction Co. of San Antonio and A. J. McKennie Jr., General Manager, come out twice a week to watch the progress of the work.

After finishing in this area the workers will begin road work north of D'Hanis toward Utopia.

May Rains Freakish Here

Medina County's rainfall for May was freakish, in that it has been sufficient in some places and too light in other parts. In the moist growing country around Yancy there has been plenty of rain, and near Devine there has been far too much. North of Hondo the corn and other crops are in immediate need of rain, while the corn crop appears to be "made" along the Medina river district. Cattle and sheep are fat and pastures for June will be excellent for grazing.

The temperature during the month of May ranged from a low of 60 degrees on the 1st and 4th to a high of 94 degrees on the 30th. Hondo received a total of 1.84 inches of rain, received during twelve rainy days in amounts ranging from .05 to .80 of an inch at a time. This brought the total rainfall in Hondo from January 1 to 10.48 inches, according to H. E. Haas, cooperative U. S. Observer.

LOCAL RED CROSS CHAPTER MAKES GARMENTS

Mrs. N. C. Johnson, Chairman of Special Service for Red Cross Chapter of Hondo and Medina County, reports that 420 children's garments will be completed by the end of July through the efforts of Medina County women. These clothes will be sent to areas in Europe that were overrun by the enemy. Any volunteer help will be gratefully accepted and appreciated, Mrs. Johnson said.

Cliff Girl Wins Texas A. & M Medal

PRETTY HELEN MARIE SCHUCHART smiles as County Agent C. M. Morrill pins the Texas A. & M. College achievement medal on her shirt. Helen, not yet 14, is the daughter of Mr. and Mrs. Archie Schuchart of the Cliff Community. She won the coveted award with a record of producing prize winning show stock for the past three years. Helen is the first girl to win this medal in the history of Medina county. During the four years she has been in 4H club work, she has fed out 14 calves. Total beef production totaled 12,417 pounds, and the total sales price was \$2896.38. Her net profit on the 14 calves has been \$1006.88. She has never placed lower than third place in all her county shows, and won ribbons at the Houston Fat Stock show in 1945.

Brother and Sister Learn How It Is Done

Jerome and Rosalie Schuchart got a few pointers from sister Helen on how to show prize stock. The calf is named "Hubba Hubba," and Helen hopes to win prize with him in the future. Jerome, 10, is feeding out several calves this year himself. Rosalie, 8, is only starting; she has three small turkey poult.

Fifty Sign For AG Job Training

Agricultural "On The Job Training" is already functioning in Medina county, with fifty ex-soldiers now enrolled. A board of advisors will assume responsibility for this program July 1, and the panel will be made up of the following men: C. F. Schweers, county superintendent of schools; A. A. Murrill, local veterinarian; Administration representative, E. A. Benore, O. J. Wurzbach, W. O. Kothe, Henry Brown and P. E. Keller of the county board of education, and all vocational agriculture teachers and their superintendents in the county. John McAnelly, Hondo's vocational agriculture teacher, reported that great interest is being shown by veterans in the county. The American Legion at Devine sponsored a meeting recently and 29 boys signed up at one time. The plan makes it possible for veterans to receive training in agriculture.

New Schedule For Post Office

New mail schedules have been announced for Hondo by Postmaster Harry E. Pittman, with the revision of railway time tables. Effective since Sunday, incoming mail arrives in Hondo from the east at 4:30 a. m., 9:45 a. m. and at 1:50 p. m. Mail from the west is received at 12:57 p. m. Outgoing mail is dispatched daily except Sunday to the east at 10:30 a. m., 12:30 p. m. and 6:00 p. m. It goes west at 4:30 p. m. The only Sunday dispatch is at 12:30 p. m. All outgoing mail must be in the post office at least thirty minutes before the time shown above in order to make that particular dispatch.

OWLS EDGED OUT BY LONGVIEW LOBOS

Lawler Announces

Jordan T. Lawler of Castroville has entered the race for state representative from the 77th district, it was announced Wednesday. He will be in the contest with Mrs. Florence Fenley, the incumbent, and Britton T. Edwards, Jr.

Mr. Lawler has lived in Castroville for nearly a quarter of a century, and has been prominent in political circles. In 1932 he ran for congress, losing with a field of twelve others.

HON. JORDAN T. LAWLER

Four years ago he became chairman of the Medina County Democratic executive committee.

Lawler's filing for representative throws open the chairmanship of the Democratic executive committee, and Francis C. Richter has been appointed as temporary chairman. Richter is being placed on the ballot as a candidate for the permanent chairman's post, subject to the forthcoming election.

Richter is a Hondo attorney, and he practiced law in Devine for several years before moving here last winter. He is a graduate of the University of Texas law school.

Mills Ready For Complaints

Wallace T. Mills, Sanitarian of the Medina County Health Unit has set up a complaint department on health hazards. Miss Dorothy Graff, his assistant, will receive calls from Hondo and vicinity on health hazards. The telephone number is 7-1212.

Report all open sewers, garbage accumulation, stagnant pools and all health ordinance violation to his number. Duplicates of all complaints will be made and they will be followed through. "Unless complaints of citizens are registered with the health unit, the cooperation of the people and the Medina Health Department can not be complete," said Mr. Mills.

Hondo Chamber earns TMA award

The Hondo Chamber of Commerce has been awarded a Certificate of Merit for its efforts in Texas Industrial Week.

In a letter to Manager Harry Filleman, Charles A. Costello, Sr., Director of

Communications for the Texas Manufacturers Association, said:

"Without the continued support from the more than 480 Chambers of Commerce throughout the state, we at TMA could not promote a program of appreciation for business and industry such as Texas Industrial Week."

Noted judge dies on trip

The death of Clyde E. Smith, retired associate justice of the Texas Supreme Court, ended a long, distinguished legal career and a lifetime of public service.

Smith, 73, retired last Jan. 1 after serving 20 years on the high court. A native of Devine in Medina County, he began his study of law at 17 in the Woodville law office of Judge R. A. Shivers, father of former Gov. Allan Shivers.

He was admitted to the bar in 1919, served two years as Tyler County attorney, nine years as district attorney of

the 76th Judicial District, a year as assistant secretary of state, and seven years as judge of the 76th Judicial District.

He was appointed to the Supreme Court by Gov. Shivers in 1950. When he announced his retirement from that post last November, Judge Smith said he wanted to devote considerable time to judicial reform in Texas. His death, apparently of a heart attack while enroute to Houston to attend the 100th anniversary of the Houston Bar Association, unfortunately cut short that endeavor.

Collette Fulsche

Linda K. Collins

They're honor graduates

Two young women with relatives in this area both graduated with high honors from Incarnate Word College in San Antonio on May 23.

Miss Collette Fulsche, granddaughter of Mrs. Ben Koch of D'Hanis, received the Bachelor of Arts in English with the highest honors possible, summa cum laude or 3.9 on a 4.0 scale. There were only two such graduates in a class of 247.

For two years in a row she was named to the Alpha Chi National Honor Society for the top ten percent of college undergraduates, and also to who's Who Among Students in American Colleges and Universities.

A fine poet and writer, many of her works were published in the college literary magazine, The Word, and one poem, "A Fair Tale", merited listing in the Hiram Poetry Review. Her future is as bright as her past.

She was, upon graduation, named as one of eight IWC graduates in the Kappa Gamma Pi honor society and received graduate assistantships in English toward the Master's degree, at Marquette and

Fordham Universities.

She is the daughter of Mr. and Mrs. Marcus J. Fulsche of San Antonio.

Miss Linda K. Collins, niece of Mr. and Mrs. Julius Ahr of LaCoste, received the Bachelor of Science degree in medical record science cum laude from IWC.

For two years she was the secretary of Sigma Rho Lambda medical records organization on campus. She was also named to the Alpha Chi National Honor Society for the top ten percent of college undergraduates.

She earned a Church-related scholarship for study at Incarnate Word. She was valedictorian of her high school graduating class. She is the daughter of Mr. and Mrs. James G. Collins of San Antonio.

Commencement for the 247 May degree candidates, including these two honor graduates, was held in San Antonio's Theatre for the Performing Arts. Dr. Sterling F. Wheeler, interim president, conferred the degrees.

Dr. Earl Jones of Texas A&M University, president designate of IWC, delivered the commencement address.

Ney reunion set Sunday

Descendants of John and Katherine Ney families will hold a reunion at the Parish Hall at D'Hanis on Sunday June 6 beginning at 10:30 a.m.

Each family should bring a

basket lunch.

The descendants of Nicholas Ney, Joseph Ney, Sr., Elizabeth Ney Zuercher, Angelina Ney Weyand and Anna Ney Breiten are invited and urged to attend.

County youngsters plan camp visit next month

For most young boys, the arrival of summertime means

Leinweber reunion

Descendants of August and Katherine Stiegler Leinweber will hold a reunion June 13 at Hondo City Park.

Barbecue dinner will be served at 1 p.m. Everyone is asked to bring either a salad or a dessert. Everything else is furnished.

All relatives are urged to attend.

daydreaming about hiking, swimming and horseback riding at a summer camp, and for two boys from Hondo that dream will come true this summer at The Salvation Army's 370-acre Camp Hoblitzelle.

The boys, sponsored by the Hondo Salvation Army Service Unit Committee, will spend a full week exploring the wonders of camp life. They will join the 800 other boys from 326 Service Unit cities across Texas who will attend one of the four Service Unit camps.

John McAnelly, camp chairman, said the youngsters will leave by bus on June 20, and return June 26.

Attending camp from Hondo are Pedro Cavases of 501 16th St. and Ruben Sanchez of 1501 Ave. J; also one boy from LaCoste and one boy from Castroville.

"The camp offers boys this camping experience at no cost to them, and most of these boys would not otherwise have the opportunity to attend a summer camp," said McAnelly.

THE LAND

THE LAND is one of man's most valuable
assets—we think it is prime collateral.
In the past 54 years the Federal Land
Bank of Houston has made almost 200,000
loans on Texas farms and ranches.

In other words, we specialize in making
farm and ranch real estate loans—long
term loans with prepayment privileges.

County judges meet with AACOG

Six county judges and 19 commissioners from nine of the 10 counties of the Alamo Area Planning Region met on May 13 in the Potet Civic Center.

The meeting, hosted by Atascosa County Judge David Davidson and Commissioners C. M. Bynum, W. W. Westbrook, Buford Wilson and Smith Tausch, was coordinated by the Alamo Area Council of Governments. Attending from Medina County were: County Judge Jerome Decker, and Commissioners Ira Barron, Hilmer Mangold, Fred Bader and Charles B. Langfeld.

The morning session included a presentation on county government duties and responsibilities by Charles Lawrence from Texas A&M Agricultural Extension Service, Jack Jones, Resource Development Specialist, also from A&M, spoke on population trends, problems created by growth patterns and the necessity of each city and county to solve joint problems.

Bob Jamison, Exec. Direc-

tor - AACOG, expressed AACOG's willingness and desire to work with all counties in helping them solve their problems and described some examples of work AACOG planners were doing now with county committees.

The afternoon session opened at 1 p.m. with Walter Knapp, Attorney for the Texas Association of Counties, telling the purpose of the organization and support furnished to counties by the association.

Among the problems expressed by the judges and the commissioners of the different counties include: subdivision regulations, building codes, and zoning in extra territorial jurisdictions and unincorporated areas; how to control the dumping of trash on public roads; new ambulance legislation; commodity food program.

Medina County, with its full commissioners court in attendance was awarded a case of strawberries for each of the commissioners and the judge.

Randy Schott gets highest FFA honor

The Area VII FFA Association selected 7 Future Farmers from its membership of 4799 to receive the Nation's highest degree in FFA work, the American Farmer Degree.

The selections were made at the 17th Annual Convention of the Association in Fredericksburg on May 14, 1971. State approval will be given during the June meeting of the State Committee in Dallas.

Randy Schott, FFA member from Bandera, was selected for this high honor. Mr.

and Mrs. R. R. Schott of Helotes are his parents.

The requirements to receive the American Farmer Degree include: having held the degree of State Farmer preceding election to the Degree of American Farmer, being an active member of the FFA continuously for at least 36 months, having a record of satisfactory participation in the activities of the local chapter and State Association, having completed three years of vocational agriculture, and having at least \$1,000 invested productively or in the bank.

Testamento Church in Hondo for Mrs. Paula Rendon Vela,

age 70, who died May 31, 1971 at Medina Memorial Hospital. Rev. Roberto Dominguez officiated.

Mrs. Vela was born June 22, 1900 in Mexico to El and Dolores Fuentes Rendon. Her husband, Jose Vela, died in 1940. She had lived most of her life in Medina County.

Survivors include 5 daughters, Romana Cruz, Angeleta Luna, Francisco Arcos, Manuela Vela and Maria Alvarez, all of Hondo; two half brothers, Julian and Ignacio Musquez of Uvalde; and a sister, Mrs. Petra Cipriano of Plainview.

Interment was in Oakwood Cemetery with Guinn - Horger Funeral Home in charge.

Pallbearers were Jesse Arcos, Jr., Ted Arcos, Tomos Luna, Florencio Cruz, George Vela, Jr., and Abdon Cantu.

Candelaria C. DeVelasquez

Funeral services were held June 1 at St. John's Catholic Church in Hondo for Mrs. Candelaria C. DeVelasquez, age 87, who died May 30, 1971, in Hondo. Rev. Emmet Carolan and Rev. George Stuebben officiated.

She was born Feb. 8, 1884 in Mexico City to Tivino and Socora Salazar Contreras. Her husband, Jose DeVelasquez, died in 1935. She had lived in this community 77 years.

Survivors include five sons, Thomas, Ramon, Juan, and Jose of Hondo, and Pedro of Abilene; daughters, Nires Velasquez, Candelaria Dominguez, Dolores Flores and Jesusa Garcia, all of Hondo; 38 grandchildren and 77 great-grandchildren.

Pallbearers were Luis Saucedo, Fred Woods, Felix Gonzales, Margarito Martinez, Ricardo Vega and Martin Flores.

Interment was in Our Lady of Guadalupe Cemetery.

Chief of Police

Today's Subject: Heroin — Another Depressant

While discussing Heroin it is immediately alarming to parents to learn that most city, county and state arrests for Heroin, across the country, have increased from 100% to 250% in the past two years!

What is Heroin? Heroin is diacetylmorphine, an alkaloid derived from morphine; it does not occur in opium. It is most usually a white, off-white or brown crystalline powder. It has for many years been first choice among addicts of opiates. In slang terms it is referred to as "H", "Big H", "Smack", "Junk", "Dope". It is an injected, potent, highly addictive narcotic! Its possession is illegal.

Heroin has a generally sedative and analgesic effect. The first reaction to introducing it into the system is unpleasant to most people, but a calming effect follows and, depending on how much is taken at a time, may very well progress to coma and death from respiratory failure.

A Heroin user will have "needle tracks", small needle marks on his body, most often on the arms over a vein. It can also be given in the legs. Abscesses (boils) often become apparent at the site of injections. Dirty needle diseases are common among users, such as hepatitis and nationally approach epidemic levels.

Most abusers, using Heroin, actually seem to have a dream-like disposition, but when in need of a "fix", (another dose), they become capable of aggressive and even violent behavior. Signs of use of Heroin, among others, are pinpoint pupils and a pale complexion. The body builds a tolerance for the drug and the user needs an increased dose regularly in order to achieve the same desired effect. Withdrawal pains occur when drug is not available. The psychological dependence on the drug makes the user THINK he needs the drug to function and he is extremely uncomfortable without it, once "hooked". Ex-addicts often return to the habit and the history of complete recoveries is disheartening to say the least.

Infection of the user's blood stream, lungs and heart, can and often do result from Heroin injections. The lungs can have blood clots. When this type of infection occurs it is usually caused by bacteria that can be very resistant to treatment and therefore the death rate is very high.

Source for Heroin is the illegal "street market" and the cost is usually \$3. to \$5. per capsule. Physical dependence can cost from \$20.00 to \$200.00 per day.

What could possibly be appealing about the use of such a horrifying drug? To the user, the great appeal is that these drugs induce a sense of good feeling, depress or overcome emotional pain for a while and minimize feelings of fear, anxiety and tension. But, when it is so unmistakably evident that narcotics can become a way of life, consuming complete attention, energy and income, it is the duty of everyone, with any contact or influence with young people to educate them whenever possible about the FACTS surrounding drug misuse.

Be with me next week for more helpful information on drugs, their use and abuse.

Schirmer takes FFA reins

Wayne Schirmer was recently elected president of the Medina Valley Future Farmers of America chapter and here he takes the gavel from outgoing president Danny Bendele. Looking on are other new officers, left to right: George Gohmert, reporter; Mason Haby, vice president; Rodney Hitzfelder, sentinel; Willi-

am Haby, secretary; and Ricky De Leon, treasurer. All are planning to attend officers training school at Utopia on June 14 and 15 and will attend the State FFA convention in Houston July 13-14-15. Henry Schirmer and Phil Rodgers are vocational agriculture teachers at Medina Valley.

Hondo Public Library

New books offer summer pleasure

Lottie L. Maw, Librarian

Come and see us at the Library, the hours are: 11:30 a. m. to 5:30 p.m. Monday through Friday.

Lots of new books are on the shelves to be read during the summer, for our patrons. Remember if you have any over-due books, our new book drop is available in one of the doors. This way you can return over-due books so others can read and enjoy them. Thank You!

Our summer children's story hour will begin Wednesday, June 9, from 10 to 11 a. m. Mrs. Glen Schweers is chairman of the program with the help of the Young Homemakers. We know that all children, ages 4 to 7 years, will enjoy the many stories, games and activities being planned for their benefit.

Don't forget to come and browse around in the library. There is plenty of wonderful reading material available in every category for everyone. See you all soon!!

Hardy becomes doctor

John K. Hardy was among 57 candidates who were awarded the advanced degree of doctor of optometry during spring commencement ceremonies at the University of Houston in Houston on May 15.

Dr. Hardy is the son of W. T. Hardy, formerly of Hondo, and the late Jane K. Hardy.

He and his wife, the former Judy Tondre, and daughter, Kimberly, will now reside in Houston as he will join the clinical faculty of the University of Houston College of Optometry and will begin private practice specializing in children's vision problems.

Hard to swallow

A Houston truck driver stopped his truck at A. F. McGuffin's Falstaff warehouse one day last week and as he got out he heard a thrashing noise nearby. Closer inspection gave him a view of these two snakes. Oh, yes, there are two in this picture. The king (we hope) snake has almost swallowed the rattlesnake. The head of the king is in the circle and from there to the right is what is left of the rattlesnake.

If swine are apparently healthy this premise quarantine will automatically expire after the 30th day without inspection.

Swine moving to slaughter can be transported to packing houses or public markets without inspection or written permits. Once at the market, they can't be legally sold as feeders said Bragg.

Special breeder or feeder sales must be cleared with authorities in the animal health commission. Written permission can be granted with certain requirements, including on-the-farm inspection.

Swine may be moved one time with no diversion enroute from one farm to another if they are inspected on the farm and moved under permit.

Chosen

Miss Denise Bartelt, daughter of Mr. and Mrs. Gary Bartelt of Kerrville and the granddaughter of Mr. and Mrs. Oscar W. Bendele of Hondo, has been chosen co-head twirler of the Tivy High School Antler Band, Kerrville.

Mrs. Arthur Hines of SA spent the weekend with her mother, Mrs. J. E. Sylvester. Mr. and Mrs. R. J. Koch of Corpus Christi were Saturday evening guests of Mr. and Mrs. Milton Highsmith in D'Hanis.

This week

That's all she wrote

by Edna McDade

Maybe this is the age of speed -- in slow motion. The Anvil Herald of May 13 was mailed to me promptly on that date, as postmarked. It reached me on May 26th but the news it contained was still news, perhaps mellowed a bit in the aging.

It was good to get the Museum Day report and to know that we're to have a new motel.

I learned also, from "Concerned Students" in their names-withheld Letter to the Editor, that they "have learned all there is to know concerning books". Perhaps I missed the boat in my high school years. Here I am, 58 years later, still trying to learn at least a little concerning books and having a wonderful time trying. Ah, Youth!

Congratulations to the D'Hanis graduates, from B to Z -- with pretty BERNADETTE ZERR in the supporting role of the fourth column of fine pictures of the 21 in '71.

It was a real compliment to the group that their adult friends went on record to wish the grads success in a full page ad which I am sure the class appreciated.

Some weeks ago, my little friend CINDY, Big Sister in the JOHN & LINDA BATOT family, gave me a perpetual calendar and a clip holder for my desk.

They are mighty handy desk accessories and I miss them here but one can crowd just so much into a suitcase so I had to leave them at home.

On a recent drive through the fast growing KOLLMAN OAKS addition on Tarpley Road, I saw JERRY and BARBARA MUENNINK and the Dr. PARKER (Sarah) MEYERS looking over their future home sweet homesites.

Some poet assures us that "Homekeeping hearts are happiest" and these two young families, as neighbors, will soon have an opportunity to find out how true this is.

The view from our front door includes a huge triangle of newly plowed ground that looks like a giant-sized piece of chocolate pie. Separating it from the Village road is a babbling brook and my morning walk led along its borders where I was delighted to find wild violets, blue and purple, growing in abundance.

Most of them are tantalizingly just out of reaching distance but I managed to bind a not-too-precarious perch from where I was able to pick a small bouquet. I thought of "GUSSE" CAMERON (Mary Ruth's mother) who grew such lovely violets in her yard this spring and who shared them so generously.

Women's wigs are probably "hair to stay" and must be in limitless supply, to judge from the ads.

One Hondo woman who says "Not for me" is Mrs. OCTAVIANO RODRIGUEZ, 1601 16th St., who has beautiful silver naturally curly hair and keeps it beautifully groomed. She will be 67 on June 24 ("no secret", she says) and she has lived in Hondo since 1912.

She is the former Isabel Barrientes, daughter of the late Lucian and Celia Barrientes. Her father operated a fruit stand, bakery, market and pool parlor on the lot now occupied by ALAMO LUMBER.

"When I was only 11", Mrs. R told me, "I used to drive two horses and a wagon to meet the train and get shipments of fruit and produce for our stand."

When more appealing interests beckon, I admit to being among the procrastinators and I'm blessed with a forgiving conscience which comes in handy on such tempting occasions.

In my reading this week I found the following which, I decided, might be trying to tell me something. Do I have a kindred spirit?

"When duty comes a-knocking at your gate, Welcome him in for, if you bid him wait, He will depart, only to come once more--And bring seven other duties to your door".

So that's why they've been ganging up on me!

ATTEND ESTATE WORKSHOP

Parents Know the Drug Threat

Chief of Police

Today's Subject: Heroin — Another Depressant

While discussing Heroin it is immediately alarming to parents to learn that most city, county and state arrests for Heroin, across the country, have increased from 100% to 250% in the past two years!

What is Heroin? Heroin is diacetylmorphine, an alkaloid derived from morphine; it does not occur in opium. It is most usually a white, off-white or brown crystalline powder. It has for many years been first choice among addicts of opiates. In slang terms it is referred to as "H", "Big H", "Smack", "Junk", "Dope". It is an injected, potent, highly addictive narcotic! Its possession is illegal.

Heroin has a generally sedative and analgesic effect. The first reaction to introducing it into the system is unpleasant to most people, but a calming effect follows and, depending on how much is taken at a time, may very well progress to coma and death from respiratory failure.

A Heroin user will have "needle tracks", small needle marks on his body, most often on the arms over a vein. It can also be given in the legs. Abscesses (boils) often become apparent at the site of injections. Dirty needle diseases are common among users, such as hepatitis and nationally approach epidemic levels.

Most abusers, using Heroin, actually seem to have a dream-like disposition, but when in need of a "fix", (another dose), they become capable of aggressive and even violent behavior. Signs of use of Heroin, among others, are pinpoint pupils and a pale complexion. The body builds a tolerance for the drug and the user needs an increased dose regularly in order to achieve the same desired effect. Withdrawal pains occur when drug is not available. The psychological dependence on the drug makes the user THINK he needs the drug to function and he is extremely uncomfortable without it, once "hooked". Ex-addicts often return to the habit and the history of complete recoveries is disheartening to say the least.

Infection of the user's blood stream, lungs and heart, can and often do result from Heroin injections. The lungs can have blood clots. When this type of infection occurs it is usually caused by bacteria that can be very resistant to treatment and therefore the death rate is very high.

Source for Heroin is the illegal "street market" and the cost is usually \$3. to \$5. per capsule. Physical dependence can cost from \$20.00 to \$200.00 per day.

What could possibly be appealing about the use of such a horrifying drug? To the user, the great appeal is that these drugs induce a sense of good feeling, depress or overcome emotional pain for a while and minimize feelings of fear, anxiety and tension. But, when it is so unmistakably evident that narcotics can become a way of life, consuming complete attention, energy and income, it is the duty of everyone, with any contact or influence with young people to educate them whenever possible about the FACTS surrounding drug misuse.

Be with me next week for more helpful information on drugs, their use and abuse.

Schirmer takes FFA reins

Wayne Schirmer was recently elected president of the Medina Valley Future Farmers of America chapter and here he takes the gavel from outgoing president Danny Bendele. Looking on are other new officers, left to right: George Gohmert, reporter; Mason Haby, vice president; Rodney Hitzfelder, sentinel; Willi-

am Haby, secretary; and Ricky De Leon, treasurer. All are planning to attend officers training school at Utopia on June 14 and 15 and will attend the State FFA convention in Houston July 13-14-15. Henry Schirmer and Phil Rodgers are vocational agriculture teachers at Medina Valley.

Hondo Public Library

New books offer summer pleasure

Lottie L. Maw, Librarian

Come and see us at the Library, the hours are: 11:30 a. m. to 5:30 p.m. Monday through Friday.

Lots of new books are on the shelves to be read during the summer, for our patrons. Remember if you have any over-due books, our new book-drop is available in one of the doors. This way you can return over-due books so others can read and enjoy them. Thank You!

Our summer children's story hour will begin Wednesday, June 9, from 10 to 11 a. m. Mrs. Glen Schweers is chairman of the program with the help of the Young Homemakers. We know that all children, ages 4 to 7 years, will enjoy the many stories, games and activities being planned for their benefit.

Don't forget to come and browse around in the library. There is plenty of wonderful reading material available in every category for everyone. See you all soon!!

UNION STOCK YARDS SAN ANTONIO

The Texas Animal Health Commission recently announced a quarantine order that reimposes restrictions on swine movements in Texas placed in effect March 29, to control hog cholera, according to Glenn Bragg, County Agricultural Agent.

The new order becomes effective May 28 and will remain in effect until further.

All previous restrictions on swine movements will remain the same with one additional restriction.

The new order will require holding all purchased swine for 30 days at the premise of the purchaser, and no movement will be allowed except for slaughter during the quarantine, Bragg said.

Hardy becomes doctor

John K. Hardy was among 57 candidates who were awarded the advanced degree of doctor of optometry during spring commencement ceremonies at the University of Houston in Houston on May 15.

Dr. Hardy is the son of W. T. Hardy, formerly of Hondo, and the late Jane K. Hardy.

He and his wife, the former Judy Tondre, and daughter, Kimberly, will now reside in Houston as he will join the clinical faculty of the University of Houston College of Optometry and will begin private practice specializing in children's vision problems.

This week

That's all she wrote

by Edna McDade

Maybe this is the age of speed -- in slow motion. The Anvil Herald of May 13 was mailed to me promptly on that date, as postmarked. It reached me on May 26th but the news it contained was still news, perhaps mellowed a bit in the aging.

It was good to get the Museum Day report and to know that we're to have a new motel.

I learned also, from "Concerned Students" in their names-withheld Letter to the Editor, that they "have learned all there is to know concerning books". Perhaps I missed the boat in my high school years. Here I am, 58 years later, still trying to learn at least a little concerning books and having a wonderful time trying. Ah, Youth!

Congratulations to the D'Hanis graduates, from B to Z -- with pretty BERNADETTE ZERR in the supporting role of the fourth column of fine pictures of the 21 in '71.

It was a real compliment to the group that their adult friends went on record to wish the grads success in a full page ad which I am sure the class appreciated.

Some weeks ago, my little friend CINDY, Big Sister in the JOHN & LINDA BATOT family, gave me a perpetual calendar and a clip holder for my desk.

They are mighty handy desk accessories and I miss them here but one can crowd just so much into a suitcase so I had to leave them at home.

On a recent drive through the fast growing KOLLMAN OAKS addition on Tarpley Road, I saw JERRY and BARBARA MUENNINK and the Dr. PARKER (Sarah) MEYERS looking over their future home sweet homesites.

Some poet assures us that "Homekeeping hearts are happiest" and these two young families, as neighbors, will soon have an opportunity to find out how true this is.

The view from our front door includes a huge triangle of newly plowed ground that looks like a giant-sized piece of chocolate pie. Separating it from the Village road is a babbling brook and my morning walk led along its borders where I was delighted to find wild violets, blue and purple, growing in abundance.

Most of them are tantalizingly just out of reaching distance but I managed to bind a not-too-precarious perch from where I was able to pick a small bouquet. I thought of "GUSSIE" CAMERON (Mary Ruth's mother) who grew such lovely violets in her yard this spring and who shared them so generously.

Women's wigs are probably "hair to stay" and must be in limitless supply, to judge from the ads.

One Hondo woman who says "Not for me" is Mrs. OCTAVIANO RODRIGUEZ, 1601 16th St., who has beautiful silver naturally curly hair and keeps it beautifully groomed. She will be 67 on June 24 ("no secret", she says) and she has lived in Hondo since 1912.

She is the former Isabel Barrientes, daughter of the late Lucian and Celia Barrientes. Her father operated a fruit stand, bakery, market and pool parlor on the lot now occupied by ALAMO LUMBER.

"When I was only 11", Mrs. R told me, "I used to drive two horses and a wagon to meet the train and get shipments of fruit and produce for our stand."

When more appealing interests beckon, I admit to being among the procrastinators and I'm blessed with a forgiving conscience which comes in handy on such tempting occasions.

In my reading this week I found the following which, I decided, might be trying to tell me something. Do I have a kindred spirit?

"When duty comes a-knocking at your gate, Welcome him in for, if you bid him wait, He will depart, only to come once more--And bring seven other duties to your door".

So that's why they've been ganging up on me!

ATTEND ESTATE WORKSHOP

Monday, June 28 and Tuesday, June 29, High School Audio Visual Room at Hondo High will be filled with persons attending Medina County Estate Planning Workshop to obtain the answers to questions about estate planning. Meetings will begin at 8 p.m.

Chosen

Miss Denise Bartelt, daughter of Mr. and Mrs. Gary Bartelt of Kerrville and the granddaughter of Mr. and Mrs. Oscar W. Bendele of Hondo, has been chosen co-head twirler of the Tivy High School Antler Band, Kerrville.

Here in Hondo

Mrs. Arthur Hines of SA spent the weekend with her mother, Mrs. J. E. Sylvester. Mr. and Mrs. R. J. Koch of Corpus Christi were Saturday evening guests of Mr. and Mrs. Milton Highsmith in D'Hanis.

They wear the winning smile

You can tell by the smiles on these faces that they won something -- and that something was first place in the Men's Classic Bowling League which completed play at Bob's Bowling

Lanes last week. Sponsored by Reyes Garage, they are (in no special order) Pablo Alvarez, Avaristo Luna, Julian Alvarez, Marvin Beyer and Felix Reyes.

Summer recreation program begins in Hondo June 14

Hondo youngsters are reminded that the summer recreation program will get underway at the Lacy School gym on June 14.

Richard Adams again will serve the program as director and will be assisted by Mrs. Richard Adams and Judy Sturm.

Purpose of the program is to give the children of Hondo the benefit of supervised play periods during the summer months.

Action begins at 8 a. m. and continues until 11:30 a. m. five days each week through July 30.

Activities included in the

program are table tennis, badminton, tetherball, washers, horseshoes, basketball, dominos, checkers and various arts and crafts. As in the past there will be competition for ribbons and trophies.

To participate in this program a child must have attended school for at least one year.

Eagles represent Hondo

The Hondo Eagles compete in the Hill Country Baseball League and give Hondo fine representation. They paused last week to get this team shot. Team members are, first row, left to right: Bat boy Ricky Dominguez, Joe Santos, Richard Hernandez, Richard Dominguez; Second Row: Coach Robert Alvarez, Assis-

tant Manager Sonny Schmidt, Rudy Gonzales, Johnny Miranda, Ray Palacios, Ben Ibarra, Ray Galindo and Manager Simon Arcos; Third Row: Ronnie Knowles, Eddie Zerr, Rusty Beard, Hugo Morales, V. Arcos, David Beard, Mario Garcia, and Scorekeeper Henry Dominguez.

Schweers wins two

Harold Schweers should have had a double smile here, for he won two titles in the Men's Classic Bowling League which ended its play last week. Harold took both the high series title and the high game title.

Wins two titles

Terry Finger went all out in the recent Men's bowling tourney held at Bob's Bowling Lanes in Hondo. He captured the singles title and also grabbed the All Events title for which he received this big trophy.

The Losers win

One can't go through life without winning sometime. And this team-- The Losers--can vouch for that. For they won the recent Men's Bowling Tournament held at Bob's Bowling

Lanes in Hondo. Team members (in no order) are Terry Finger, Bobby Britsch, Larry Griffin, Harold Schweers and Francis Schmidt (not in picture).

Someone has to be second

They really didn't want to be but the members of the Automotive Research bowling team had to settle for second place in the recently completed Men's Classic Bowling League at

Bob's Bowling Lanes in Hondo. Team members include: (in no special order) John Rohrbach, Bobby Britsch, Ricky Rohrbach, Terry Finger and Larry Griffin.

Little League Baseball

Dolores Garcia, reporter

Friday night Ortega pitched a two-hitter to help the Yankees beat the Giants 4 to 1. He fanned 8 opponents while going the whole game.

The Angels and Aggies had a pitching duel going on. The Angels won the game in the sixth inning 2 to 1. Ronald Rodriguez won the game by giving up 3 hits and striking out 9 batters. Robert Rodriguez lost the game. He gave up only 2 hits and whiffed 10 batters.

MINOR LEAGUE

Villarreal started pitching in the second inning to win the game for the Hornets 11 to 7 against the Hustlers.

Knowles of the Speedsters pitched a 3-hitter to beat the Indians 8 to 3.

Redbirds set D'Hanis game

The ARA Redbirds will play the Fredericksburg Cubs at D'Hanis High School baseball diamond at 3 p.m. on Sunday June 6.

Both these teams and the Hondo Eagles belong to the Hill Country League.

It takes two to win

When you are bowling doubles in a tournament it does take two to win. And these two keggles -- Pablo Alvarez and Avaristo Luna -- took the doubles title in the Men's Bowling Tournament at Bob's Bowling Lanes in Hondo.

Point Theatre to open June 9

A merry, mad comedy about a wacky Manhattan family whose members do exactly as they please has been chosen by director Ford Ainsworth to open the 1971 season at the Point Theatre at Ingram for a ten performance engagement starting June 9.

This is "You Can't Take It With You", an all-time hilarity hit, which presents the world's most rugged individuals--the daffy Sycamore family.

Special stock sale set in SA

The next Special Stocker-Feeder Show and Sale will be held at Union Stock Yards San Antonio Thursday, June 10. Hereford, Angus and Brahman-cross cattle will be judged for awards in lots of 10, 20 and 40.

This special Stocker-Feeder Cattle Show and Sale is held at Union Stock Yards San Antonio as a special service in addition to the regular Monday, Tuesday, Wednesday and Thursday cattle auctions and the private treaty sales Monday through Friday of cattle, calves, hogs, sheep and goats.

Judging will begin at 7:30 a.m. the regular auction at 9 a.m. and the prize winning cattle will be sold at 11 a.m. It is open to the public and everyone is invited to participate in this special auction sale.

Eighth graders get religion class diplomas

Religion class diplomas were presented to 15 eighth graders of D'Hanis Elementary School who are members of Holy Cross Catholic Church. These eighth graders attended from 100 to 128 classes in the Confraternity of Christian Doctrine Program the past school year. Their religion teachers were Mrs. Olivia Nester and the Very Rev. Victor G. Schmidtinsky, V. F., Pastor. Front row, (l-r), are Donna McGraw, Margarita Tovar, Diana Gon-

zales, Graciela Garcia, Shirley Rodriguez, Maria Elva Trevino and Wanda Nehr; second row, (l-r), Father Victor, Richard Rothe, Alan Huser, Virginia Garcia, Ronald Koch, Cynthia Gomez and Joseph Nester. Unable to be present for the presentation were Olivia Reyes and Beatrice Reyes. These eighth graders will graduate with their group of 26 on Friday, May 28, 8:00 p.m., Cowboy Stadium.
